**Eligibility Comments:**

Eligibility Comments

1. The application does not meet the eligibility criteria because the applicant has not provided evidence of an ability to provide the required matching funds. The Budget Narrative references Gloucester County's VA Port Authority Waterway Maintenance Funding (VPA-WMF) award as the source of matching funds, but the letter from the municipality does not confirm the amount or source of funds.

General Application Comments

1. Budget Narrative describes third party work by contractors, but does not include estimates. Budget Narrative does not include detailed project estimates, and does not include clearly show how the unit costs in the Budget Narrative and work described in the Scope of Work Narrative adds up to the total project cost.
2. "No adverse impact" narrative statement is included.
3. A detailed maintenance plan is not included. The application only includes general statements that debris removal, vegetation management, and erosion control monitoring will be performed. No specific schedules or standards are included. The plan notes that county staff will maintain the project, but does not state which staff or departments are charged with this task.
